

Documentation for most ExakTime products is provided in the Help files that are integrated into the products themselves.

**Access the built-in documentation as follows:**

TimeSummit—Click the small orange question mark at the top right of the program.

AccountLinx—Click the small orange question mark at the top right of the program.

Exaktime Mobile for Android—While in the App, press the Menu button in the upper left and select “Help” from the list.

Exaktime Mobile for BlackBerry—While in the App, press the BlackBerry Menu button and select “Help”.

Exaktime Mobile for iPhone—While in the App select the Menu button in the upper left, then select “Help” from the list.
